

Live Lessons - Questions and Answers

1. Who are the live lessons conducted for?

The levels of the students are indicated on the registration page. Please refer to <https://www.88tuition.com/liveclasses> for more details.

2. What content is being covered during the live lessons?

We will upload the latest subject content on the Friday before each new week, so please check our website for the latest updates.

3. Who will be conducting the live lessons?

Our teachers and subject specialists will be conducting these classes.

Teacher Indra – English
Teacher Bern – Mathematics
Dr. Ali - Science

4. How is the subject content decided?

As best as we can, we try to follow the school syllabus so that students are able to revise what they have learnt in school. We would also like to hear from you what you would like covered in greater detail and will incorporate those suggestions into the live classes. Nearer to examination time, we may choose to do a wider range of topics so that this helps students to revise for their examinations.

5. Why are lessons only once a week?

We are in the trial phase as we are adapting to the government's decision to have Home-Based Learning. There may be more lessons in future, depending on the demand and requirements of our students.

6. Who can register for the live lessons?

As this is our trial phase, anyone and everyone can register for the live lessons. There have been no restrictions set at this moment.

7. How can I register for the live lessons?

Go to our website at <https://www.88tuition.com/liveclasses> where you will be able to see the lesson options. Click on 'Join Class' to register.

8. What do I need to bring for the live lessons?

Stationery, some rough paper, and an open mind! This is the best time to absorb tips, so bring an awesome attitude, and you'll benefit greatly! 😊

9. How much are the live lessons?

To show our support for Home-Based Learning, our live lessons are currently Free during this period of the "Circuit Breaker".

10. Connect with the teachers

Please WhatsApp the teachers with your questions and suggestions so that we can incorporate them into our teaching program.
