

1. Who are Tutorial classes for?

Tutorial classes are currently conducted for students of Primary 3-Secondary 2. Tutorial classes are conducted only for English, Maths and Science. 88tuition follows the MOE curriculum and is best suited for students in the MOE system. Please refer to <https://www.88tuition.com/tutorials> for schedule and more details.

2. How are the Tutorial classes conducted?

Online Zoom Tutorial classes are LIVE and INTERACTIVE. Students are expected to actively participate in the class and are able to ask questions. Recordings of the class are available for revision and in the event a student misses a class.

3. Who teaches the Tutorial classes?

We have selected expert teachers with deep subject expertise to conduct the Tutorial classes. The teachers have an average teaching experience of over 20 years and are able to build a strong nurturing relationship with the students. They include Principals, HODs, Subject heads, Level heads and Specialist tutors. To know more about the teachers please refer to <https://www.88tuition.com/tutorials>.

4. How often are Tutorial classes conducted?

The course is spread over 48 Tutorials, and they are numbered T1 - T48 . The program is run for 48 weeks during a year, and they are numbered W1 - W48. Students need to attend one class per week for each subject. The same Tutorial (e.g. Math P5 T1) may be taught by different teachers on different days in the same week. Please refer to <https://www.88tuition.com/tutorials> for schedule and more details.

5. Are classes conducted on Weekdays or Weekends?

Tutorial classes are held on Weekdays and Weekends. We have scheduled classes such that students have the flexibility to create their own schedule. Students need to select their Subject/Day/Teacher combination. Once selected, students are required to follow that schedule.

6. What are Groups?

Groups help identify the specific day/teacher selected by the student. For Example, the P3 English class on Monday would be Group A (taught by Mr Joel), and the P3 English class on Saturday would be Group F (taught by Ms Nisha). The Tutorial content, Prerequisites and Worksheets would be identical.

7. How are Tutorial classes different from the 88tuition e-learning program?

Online Zoom Tutorial classes are LIVE and INTERACTIVE whereas the 88tuition e-learning program is pre-recorded and available anytime and anywhere. Students interact with the teachers in the LIVE Tutorial classes and any queries and doubts are clarified on the spot. The Tutorial classes are scheduled and create a disciplined approach to learning.

8. What is the format of the Tutorial class?

The Tutorial class consists of Teaching and Assessments. Assessments and Prerequisites are made available ahead of the class and it is recommended that the student attempt the Assessment before the class to get the most from class. Prerequisites include Reference Lessons from the LEARN segment and students are encouraged to view those lessons before the class.

9. What do I do if I am unable to attend or miss the Tutorial?

Recordings of the Tutorial classes are available as a backup.

10. What if my class falls on a Public/Scheduled Holiday?

If a particular Tutorial falls on a Public/Scheduled Holiday the Tutorial will be combined with the other Tutorial in the same week. Students are encouraged to attend the alternate class so that their studies are not interrupted. Recordings of the Tutorial classes are available as a backup. Public / Scheduled holiday list is available at <https://www.88tuition.com/tutorials>.

11. Can parents attend the Tutorials?

Parents are welcome and encouraged to join the classes. Parents are requested to provide feedback so that we can continuously improve the program.

12. How does this work with the 88tuition e-learning program?

The Tutorial program complements the e-learning program. The 88tuition e-learning program provides a comprehensive self-study program using the LEARN, PRACTICE and MASTER CLASS segments. TUTORIALS add a guided, interactive, and personalised element to the program. As an overall package, students are able to LEARN 24x7 using the recorded program, PRACTICE with customised worksheets and use the TUTORIAL segment to be guided by expert teachers in their learning journey.

13. What is the class size?

Classes will be limited to 20 students for now. This number will be reviewed to ensure that students are getting close attention. 88tuition has always put the student first and will not stray from that core tenet.

14. Who can register for the Tutorial classes?

All 88tuition e-learning PAID subscribers are welcome to attend the Tutorial classes. Students need to be logged into their account to gain access to the class.

15. What are the Fees for the Tutorial classes?

| | |
|----------------------------------|---|
| 88tuition Subscribers | P3 – P6 \$88 per subject per block of 4 tutorial classes |
| 88tuition Subscribers | S1 – S2 \$108 per subject per block of 4 tutorial classes |
| 88tuition non-Subscribers | P3 – P6 \$108 per subject per block of 4 tutorial classes |
| 88tuition non-Subscribers | S1 – S2 \$128 per subject per block of 4 tutorial classes |

Classes must be purchased in blocks or 4 consecutive Tutorials. 88tuition Subscribers are current paid customers of 88tuition. Non-Subscribers will be given access to the 88tuition e-learning platform for the duration of their Tutorial subscription.

16. Any other Administrative, Joining and/or Material fees?

NO. There absolutely are no other charges. Our Fee structure is simple and transparent. See Question 15 on Fees above.

17. Can non-subscribers to the 88tuition e-learning platform join the Tutorial classes?

Yes. However, they would be charged a higher fee and will be given access to the e-learning platform for the duration of their subscription. The e-learning access will enable them to view the reference lessons as well as create personalised worksheets based on topic and difficulty level. See Question 15 on Fees above.

18. How do I cancel my subscription?

The subscription will automatically expire at the end of the 4-lesson block. There is no need to cancel the subscription. However, an early communication would help as the slot can be offered to another student who may be waiting for that particular subject/day/teacher slot.

19. Can we get a FREE TRIAL?

We do not offer a FREE TRIAL as a 4-class subscription starts at a low price of \$88 and can be used to try out the program.

20. What do I need to bring for the Tutorial classes?

To get the most out of the Tutorial classes, please review/complete the Class Prerequisites and participate in the class. Additionally, stationery, some rough paper, and an open mind! This is the best time to absorb tips, so bring an awesome attitude, and you'll benefit greatly!

21. Can the student connect with the teachers?

We will create WhatsApp helplines for the students to interact with the teachers and details will be shared with subscribing students.

22. Can I get extra time with the teacher?

Requests for one-on-one time with specific teachers will be considered. Time would be arranged if mutually convenient and charged separately. One-on one time with teachers is not part of this package. Look forward to seeing you in class
